

7 Tonne Reefer Container Ramp

The 7 Tonne Reefer Container Ramp is designed to extend forklift access from ground level to containers. It works as an extension to help complete container access where additional reach is required. Suitable for workplaces such as warehouses, logistics sites, cold storage facilities, and industrial loading areas.

- Allows forklifts to safely access containers for loading and unloading
- Safety chains secure the ramp to container during operation
- Reinforced underside helps reduce wear and structural stress
- Fork pockets allow easy lifting and positioning with a forklift
- Material: Steel
- Finish: Powder Coated Blue
