

Bulk Bag Filling Frame

- The V6220 BULK BAG FILLING FRAME saves hours of labour and reduces risk of injury.
- This frame is designed to safely hook open a bulk bag and fill with free-flowing bulk products such as sand and gravel, removing the need for the operator to hold the bag open or manually fill themselves.

SPECIFICATIONS:

- 4 safety swivel hooks hold bulk bag in position whilst filling
- Adjustable bag restraining chains position bulk bag at correct height
- 3 adjustable height settings to suit your operational requirements
- Fork pockets fitted for easy transport
- Upper hopper assembly enamel paint finish.
- Support frame zinc finish
- Hopper Opening: 554x400mm
- Fork Pocket Size: 140x65mm
- Fork Pocket Centres: 850mm
