

Nally Mega Bins & Mega Bin Rotator Base

Designed for fruit and vegetable movement and retail high performance the Nally MegaBin is clearly the way of plastic produce bins in Australia. Nally Megabins are up to 40% lighter in weight than wood bins and the weight is constant as they don't absorb moisture. This allows for increased freight efficiencies of 4-5%. In practice you are able to transport 2-3 extra bins of fruit per semi-trailer load.

- Available in both solid and vented
- Mega Bin Rotator Base options available, to suit V7800 & V7810
- Standard pallet size (1165mm x 1165mm)
- Maximum load capacity: 500kgs

V7801 Mega Bin Rotator Base to suit V7800 & V7810
