

Heavy Duty Rubber Wheel Chocks

The Heavy Duty Rubber Wheel Chocks are designed to help prevent vehicles from rolling when parked, loaded, or undergoing maintenance. Suitable for use with trucks, trailers, and heavy equipment, they are commonly used across construction sites, warehouses, loading docks, transport yards, and industrial workplaces where reliable vehicle restraint is required.

- Helps prevent vehicles from rolling during parking or maintenance
- Supplied as a set of 2 wheel chocks
- Material: Manufactured from recycled rubber
